Quentin Roosevelt is Killed

RICHMOND BOY WRITES MOTHER OF WORK IN THE LINE TRENCHES IN FRANCE

Through the courtesy of the editor of "Onetah Lookout", the Redmen's paper published in this city, the Record-Herald is permitted to publish a letter from J. M. Maisel, a Richmond boy at the war front in France, written to his mother, Mrs. C. P. McNeil:

Somewhere in France,
May 27, 1918.

Dear Mother:

Just a line or two; am in the best of health, couldn't feel any better. Writing to Mish McClean, he's over here with the artillery, but don't know where. He asked of Joe. Sure is hot over here. I'm as black as a coolie chink. I hear the Yanks are coming over fast. "That's the stuff to give 'em," as the Tommies say every time they shoot at Fritz or see one of Jerry's planes coming down on fire.

I sure feel sorry for these poor French people; at nights clear out of the war zone Fritz comes over dropping bombs, killing the aged and young children.

Just last night I was talking to some friends sitting in the kitchen; was about 10 o'clock—they heard Fritz way up in the clouds. Well, they got wind up, another saying the Tommies have been retiring by force. They ran to the outskirts of the village where they have dugouts in the ground and waited there till Fritz dropped his load, then they would come back.

Some have dry wine cellars to go to. Take the small villages behind the lines where Fritz can use his long range guns if he wants to; well, he generally does, to let them know he can do it. The people stay there taking the chances on us driving them back. If we don't happen to do it they might have to move at any time, but they leave everything behind; all they carry is bedding, a cow, horse and cart. When the boys come out of the lines a chicken dinner usually awits them.

I've been in big cities that Fritz took from the French after it was taken back by the allies. I spoke to people who were caught and released; they sure told some horrible tales in regards to the way they were

(Continued on page three)

RESTRICTIONS ON WHEAT IS A NECESSITY

Emphatic denial of reports that because of the estimated billion bushel wheat crop this year, wheat conservation is no longer necessary, is made by Frederick O'Brien, acting federal food commissioner for California, following receipt of information from Washington.

"While it is true that America will probably shortly harvest an enormous wheat and cereal grain crop, it is equally true that there must be no relaxation in the continued observance of saving wheat and wheat products at present. Disregard of this may prove disastrous both to America and the allied nations.

"We must build a reserve stock for the future here as well as in England, France and Italy, which will assure that starvation will never confront any nation now fighting the battle against the Hun.

"Until that time, therefore, the food administration urges every patriotic person in the state to continue to observe the wheatless days and wheatless meals, and that those who can go entirely without wheat in the future as they have in the past.

"When the danger point is past the food administration will gladly release the people from their self-imposed burden, but until such official announcement is made, patriotic people should ignore and frown upon anything which suggests relaxing food conservation."

SPANISH VESSEL IS SUNK BY THE HUNS

ATHENS, Greece, July 17.—It is announced from a Spanish source that a Spanish steamship on which Minister Lopez de Vega was returning to Spain, has been torpedoed by a German submarine. The ship flew the minister's flag. The diplomat and his family have been rescued. The German government had been notified of the minister's departure a week in advance.

CANDIDATES ARE SCARCE THIS YEAR

Tomorrow is the last day on which candidates for either county or township offices can file their nominating petitions. All over the county there is a great scrap for the offices of justice of the peace and constable, but so far as county offices are concerned there are but few candidates.

At the present time there is no opposition for the office of county clerk, county recorder, assessor, superintendent of schools, surveyor, public administrator, treasurer, tax collector or auditor.

There are however lively fights for the office of district attorney, with the contenders being A. B. Tinning and T. D. Johnston; for assemblyman, H. O. Watson of this city and W. E. Calahan of Antioch, the incumbent, are contending against each other; and in the coroner's fight Bert Curry and C. F. Donnelly are the opponents. In the supervisor's fight in district No. 1, the candidates are Zeb Knott, who now holds the office, and Bill Lane, the mayor of Richmond, who wants the position.

In supervisor district No. 3, E. J. Randall of Concord and Charles H. Hayden of Martinez, will strive for the position.

So far as a campaign years is concerned, the present one seems to be very tame.

JAPAN STRUCK BY A VIOLENT TYPHOON

OSAKA, Japan, Tuesday, July 17.—A violent typhoon struck southwestern Japan and the Luchu islands on the night of July 11. Communication has been interrupted. Floods occurred in Kobe and Osaka.

SUIT FOR DIVORCE

Suit for divorce was filed in the superior court yesterday by Lillian Mabel Duus against Juergon H. Duus. Cruelty is the charge. The parties reside in this city.

LOST LIFE IN STRUGGLE ON MARNE FRONT YESTERDAY

LONDON, July 17.—Lieutenant Quentin Roosevelt, son of former President Roosevelt, was shot down and killed on the Chateau Thierry sector of the Marne front on Sunday, according to an Exchange Telegraph dispatch from Paris today.

According to the dispatch, Philip Roosevelt from his station in the trenches, saw the young American aviator fall victim to a German air squadron.

Quentin Roosevelt was the youngest son of the former president and shot down his first German airplane in a fight north of Chateau Thierry one week ago today. That was his third fight over the fighting front.

Lieutenant Roosevelt secured his commission in the aviation service July 14, 1917, after being graduated from the Mineola training school.

When Roosevelt brought down his first plane he was flying with three other pilots and became separated from them. He saw three planes coming towards him and thought they were his comrades, but saw that they were Huns. Not hesitating he attacked one and had the satisfaction of seeing it fall to earth in flames. He maneuvered to a safe position and managed to escape from the remaining two Hun airmen, who took fight at the appearance of the three American planes which just came up to the scene of battle.

COLONEL IS RETICENT.

OYSTER BAY, N. Y., July 17.—Colonel Roosevelt learned that his son, Quentin, was missing through press dispatches this morning. He said he had nothing to say at this time, but would make a statement later. The colonel had planned to visit New York today, but canceled his visit.

ATALICH BRINGS SUIT TO TEST WORK

The suit that has been brought in the superior court against George W. Cushing by N. J. Atalich to quiet title to some lots in the Pullman district is really a test case over the work of street improvement that was done in that section.

The property owners assert the work was not done according to plans and specifications, and in many places where the concrete should have been six inches it is only four and in other places but five.

BRITISH AIRMEN SHOOT DOWN SIX MACHINES

LONDON, July 17.—Six more German machines were shot down by British airmen on July 16, it is officially announced. One British plane failed to return.

Despite bad weather British airmen kept the battle front under observation all day and carried out bombing expeditions. Over four tons of bombs were dropped on the Seclin railway.

CROWDER RULES ON WHAT CLERKS ARE EFFECTED

Clerks in oil and gasoline distributing stations, although the oil industry as a whole is considered a necessary industry, are classed as non-productive under the "work or fight" ruling unless they are department heads, according to the opinion of Provost Marshal General Crowder handed down Monday by telegram to Adjutant General J. J. Borree.

The opinion was made on request of the adjutant general to clear up that and other points involved in the "work or fight" application of the selective draft amendment.

Adjutant General, Sacramento, Cal.: Paragraph 5 of telegram B1614 refers to heads of various departments that are named and also heads of other departments, while paragraph 6 refers to clerks in such departments who are not the heads. Commission merchants, who buy and sell for a commission and who do not own the commodity are not included, nor clerks in manufacturing establishments or in the offices thereof, but only clerks in stores and mercantile establishments engaged in making sales. The oil industry as a whole is not included.

Clerks in distributing stations where sales are made are included unless exempted as head of department or for some other reasons specified in the rules of the explanatory telegram B1614. If experienced price and cost clerks are heads of departments they are not included.

CROWDER.

STATE HIGHWAY IS NEARING COMPLETION

Only about 10,000 feet of highway remain to be laid on the state highway between Martinez and Port Costa. The concrete mixing outfit is now working at the head of Shepard's canyon, all materials being hauled in from the Martinez stock piles.

Considering the labor situation, construction superintendent Perry Hall has made rapid headway with the concrete laying and it is expected that the entire highway between Martinez and Crockett will be open to traffic long before the rainy season.

EDNA RHODES FUNERAL TO BE HELD TOMORROW

The funeral of the late Edna Rhodes will take place tomorrow from the Bert Curry undertaking parlors on 11th street at 2 p. m. Interment will be in Sunset View cemetery.

11 TEXANS NABBED BY POSSE ON DRAFT CHARGE

LUFKIN, Tex., July 16.—Three resisters and eight men accused of harboring them in San Augustine county, surrendered last night. A posse had been attempting to arrest them for a week.

BACK FROM VACATION

After a vacation in the Sacramento valley for a couple of weeks, Dr. Hall Vestal is back again on the job.

LEAVES FOR STOCKTON

Otto A. Paulson, the jeweler, left last evening for a trip to Stockton.

MOONEY GOES ACROSS BAY TO AWAIT EXECUTION

SAN FRANCISCO, July 17.—The order of commitment calling for the execution of Thomas J. Mooney on August 23, convicted of murder growing out of the Preparedness Day bomb explosion, was delivered to Sheriff Thomas Finn yesterday after Assistant District Attorney Fred Berry had served on Superior Judge Franklin Griffin a certified copy of the State Supreme Court's decision denying Mooney's application for a writ of probable cause.

The death warrant, which was signed several months ago by Judge Griffin, had been placed with James Groom, clerk of the court, until such time as the Supreme Court rendered a decision on the appeal. The denial of the appeal forced Judge Griffin to order that the warrant be given to the sheriff and as a result Mooney will be taken to San Quentin today.

The denial of the appeal for a stay of execution by the Supreme Court foreshadows, it is said, the denial by the court of the appeal now pending, charging the district attorney with fraud.

District Attorney Charles Fickert, in a statement issued yesterday, said that as Governor Stephens, as the pardoning power, must abide by the laws of the state in the same manner as the Supreme Court and that the Supreme Court not having seen fit to grant Mooney's plea for a stay, he could see no reason for the Governor to enter the case and grant Mooney executive clemency even though President Wilson has requested it.

WATER RATES TO BE REDUCED AT MARTINEZ

The people of Martinez are elated over the fact that the city is to take over the McNear water works on the first of the month, and at that time, rates will be reduced to twenty cents per 1000 gallons.

Here in Richmond, just the opposite is the rule, the water company is asking for an increase in rates.

CROCKETT MAN IS FOUND DEAD IN BED

Coroner Bert Curry went to Crockett this morning to bring down the body of a man who was found dead in bed in that city this morning. No details of the incident were known at the coroner's office by any of the attaches.

HIS SON OVERSEAS

Judge A. B. McKenzie of Martinez has received word that his son, Malcolm, who is a member of a hospital corps has arrived safely on the other side.

COMMITTED TO NAPA

Mrs. Mary Koch of Pinole has been committed to the Napa Asylum for the insane. She imagined that it was her duty to blow up the powder works.

ALLIED SOLDIERS STOP THE GERMAN SMASH AND HOLD ENEMY FIRM ON FRENCH FRONT

LONDON, July 17.—French counter attacks have brought the German bridges over the river Marne under the fire of the French artillery of medium caliber.

PARIS, July 17.—The Germans last night threw new forces into the battle on the front south of the Marne and attacked the allied lines north of St. Agnan, the war office announced today. The enemy succeeded in penetrating into Bourdonnerie. The battle is continuing in the woods immediately to the south of this point.

On the front farther to the east the French held the enemy in the southern outskirts of the Bouquieny wood and at the village of Neales.

A powerful attack likewise was made by the Germans in the direction of Monvoisin, but they were driven from this locality by a French counter atack.

On the front between the Marne and Rheims the fighting developed violently in the Courton wood. The Germans attacked in the Vrigny region, on this front, but their assault here broke down completely.

Along the line to the east of Rheims the Germans delivered local attacks, notably in the Prunay region. These efforts of the enemy were fruitless.

In renewed assaults upon Beaumont the enemy suffered sanguinary repulse.

The French positions throughout the region to the east of Rheims were maintained intact.

PARIS, July 17.—With Americans facing the foe alongside of the French in all the vital sectors of the mighty Marne-Champagne battlefield, the bloody struggle has continued, with the allies delivering counter assaults just as savage as the lunges of the Germans.

St. Agnan and Iachapelle (south of the Marne river and eastward of the zone where the Americans threw the Germans back to the north bank of the river) have been cleared of German troops by a series of fierce counter attacks launched by French and American reinforcements.

To the southwest and southeast of Rheims the Germans have been thrusting violently against the French, American and Italian positions in an evident effort to close the pocket about Rheims.

East of Rheims, in the Champagne belt, the Germans have been making tremendous efforts to penetrate French defensive positions, but the French lines are holding firmly. American troops have rushed to the Champagne to reinforce the French and are in the thick of the fighting in that battle area.

After making an insignificant gain in the Prunay sector the Germans tried to debouch, but were hurled back with heavy losses.

VOTERS MUST BE REGISTERED TO CAST BALLOT IN NOVEMBER

1. Electors cannot vote at the Primary Election, August 27th, unless they have registered since January 1, 1913, and on or before July 27, 1918.

2. Electors cannot vote at the Primary Election for any candidate for Governor, Lieutenant-Governor, Senator or Assemblyman, unless they stated some party affiliation in their registration affidavit.

3. In many districts the Primary Election will determine who will be the assemblman and senators from those districts.

4. All who have registered without stating party affiliation, and who now wish to state such party affiliation, and all who wish to change their affiliation to another party, may have the desired change made by going to any deputy registrar.

5. Those who have no personal convictions as to what their party affiliation shall be should affiliate with the dominant party in their assembly or senatorial district. If the dominant party nominates dry candidates in August, they are almost certain to be elected in November.

TINNING IN TOWN.

A. B. Tinning, candidate for the office of district attorney at the coming primary, is in town today making new acquaintances.

CALL YOUR DOLLARS TO THE COLORS

Our country needs fighting dollars.

Every dollar that is kept idle or out of circulation in war times is a "slacker."

Every dollar that is safely banked finds its way back into some channel of usefulness to help win the war.

Call your dollars to the colors. Enlist them in an account in this Institution.

HEROES OF THE GREAT WAR

All of war's heroes do not fall in No Man's Land, nor die in trenches stoutly defended against enemy attacks. Some who have never set foot upon battlefield and never worn uniform pass on into the silent temple of enternal fame.

Among these are those brave souls who every day toil in powder mills and munition factories. We don't stand by and cheer them as they go to their most essential war work. There is no martial music to quicken their steps and medals of honor for them. But danger is ever present and death lurks near them.

It is only when we count the dead and wounded at such disasters as that of the T. N. T. plant at Split Rock, N. Y., that we come to realize the sacrifices these brave men and steadfast women make, and the risks they run. So too, when Great Britain lost three score of more of workers in the Midlands shell filling factory she lost as many real war heroes as if the same number had fallen before German bayonets across the channel.

"A CRITICAL SITUATION"

Inspiring history of the great war is being written from day to day in the citations for bravery reported by General Pershing. If we read every one of them no matter how long the list we will be better Americans.

Here is one:

Second Lieutenant William B. Moore—On June 6, 1918, he volunteered and took a truckload of ammunition and material into the town of Bouresches over a road swept by artillery and machine-gun fire, thereby relieving a critical situation.

History of this sort does not use adjectives, says the San Jose Mercury-Herald.

It is written from the field of blood and iron where description is a pathetic thing. When Pershing says Lieutenant Moore relieved a critical situation we are safe in accepting that it was all the term implies. American lives were hanging by a thread, the line of civilization was threatened and the gray horde of Huns was snapping at that break straining to force through.

No one is surprised that there was a Lieutenant Moore to take that truckload of materials through Hell to relieve that critical situation. There is always a Moore, a Hobson, a Farragut, a Funston to meet any emergency of American arms.

But that truckload of ammunition and material—what if it had not been there and American bravery would have been futile. That's our business—we stay-at-homes—to see that those trucks piled high, are there. We must be sure of it. Our Liberty Bonds buy ammunition and material. The Fourth Liberty Loan is coming for six or eight billions and we must be ready to back up that wonder army of Lieutenant Moores.

There seems to be nothing decisive in modern battles. They fight until both sides are exhausted and then stop for breath and to bring fresh men to go at it again. That is what has been going on in France for the past three years and while Germany is showing signs of weakness there seems to be no signs of the actual end. But all things come to an end sometime and there is but little doubt that Germany's man power and financial resources are nearing exhaustion.

WAR PAYING TAX

The San Francisco Examiner notes that the absolute cheerfulness with which we pay each new war tax is one of the encouraging signs of the time.

Theater men say they never hear a whimper over the tax and it is said with a smile.

Everywhere the cost of the war is being met with a true American spirit. Your Uncle Sam has a family of which he may well feel proud.

We go at war much as Tommy Atkins went into battle. "We pack our troubles inot our kit bag and smile! smile!! smile!!" We have become less boastful, more set and full of fight toward the enemy that meets our boys.

Catholic and Protestant, Jew and Christian, fight side by side, sharing each others' troubles and joys. War has leveed sect and caste and we are as one, fighting the oppressors of human kind.

When it is all over many will lie in Flanders fields—but an imperishable fame will be theirs. Many will return. The wayward will be steadied and all will have the larger vision of a better life.

And the best thought of all is that, living or dying, we are doing it with a smile, the smile of righteousness and cheerfulness over a task that must needs be done.

And now they tell us that we have an army in Northern Russia to combat the Huns and the Bolsheviki. Just so and they will be in all parts of the world before this row is over and wherever they go their presence and might will be felt. American soldiers are penetrating cities and lands whose existance we never heard of until this war began. It must be a great experience for the lads from Iowa and Nebraska and all the other inland states who never saw salt water before launching on their cruise through the submarine and torpedo ridden Atlantic to take part in the great strife which is raging in Europe.

The city council last night increased the salaries of all its employees from ten to twenty-five per cent, beginning in the street sweeping department and ending with the higher ups. Just what the increase will cost the city in dollars and cents in the next year and how much of a tax increase will be necessary to meet this extraordinary demand on the treasury is a problem which doubtless the councilmen have figured out. Along with the war taxes of various kinds and the demands of the city employees, the taxpayers have poor show for their existance.

Somebody suggests that the work or fight rule be applied to the strikers in the Oakland shipyards. It is a pat suggestion all right and should be put in force at once. We would not give much for a man's patriotism who will "throw down" his country at a time like this, especially when he is getting the biggest wages ever paid to man in any country at any time in the history of the world.

There are few counties in the state that have the excessive payroll of Richmond. It would pay us to resolve ourselves into a city and county government and thus cut off some of the present city extravagance, which is become a real menace to the taxpayers of the community. If anybody doubts this they are respectfully referred to the revised payroll of the city adopted at the last meeting of the city council.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon: "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking become a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble."
By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

The harbor manager got his salary boosted last night to $175 per month and $25 extra for the use of his Ford car. When he took the job he did it with the promise that the Ford should cost the city nothing. But what's the use! The money all goes anyway and the harbor manager had just as well have it as anybody else.

The Huns have bombed another Red Cross hospital and killed a lot of helpless men and other non-combattants. When this war is over the people of erGmany —those who are left alive—will have a fearful debt to pay. And they will have it to pay just as sure as day follows night.

Classified Ads placed in the Record-Herald bring results.

RICHMOND BOY WRITES MOTHER FROM FRANCE

(Cotinued from page One)

treated by the Huns. So that's on its way to a finish in a short time.

How is Dad getting along? Has Manuel got his new boat yet? Hope he has, as he's a good pilot.

Mish still thinks of Joe; he is going to write to him just as soon as I tell him his address. Sure would like to meet some of the home town boys over here.

I'm the king pin, still making good. Our company has five sections and we play ball at every opportunity. I'm in the third section; they call us the rum hounds; we beat the fifth section. The scavengers sure have a lot of sport kidding one another at all times. That's what breaks the monotony which is not in this regiment, cause it's full of pep. We have 80 new men of the National army to fill up the loss we had in the trenches. Casualties were mostly boys sick with cold or wounded and died. You see when we got to the hospital we are called casuals. When we get better we are put in a replacement camp, then you are put where they see fit—may go back to your own company or some other company.

Your Joaquin never wants no hospital. I'm staying where I am. That's where Im going to finish—right in the regular Sixth Engineers, where I volunteered to go early in the war.

It was a case of emergency that we went in the trenches—glad it happened. We proved a worthy lot of Yanks to the world. We had more experience in that battle in seven days than some will learn the rest of the war.

Gas, whizz, bang, Jack Johnsons bombs, machine gunners shooting down our trenches, out of airplanes. The enemy sure kept us busy every minute of the seven days and nights till we got relief. Five and half days it rained; shoes never off and my blanket was a rug. Our strong determination bluffed the Hun—he's a coward. We were outnumbered five to one, but we made the enemy think it was a hard part of the line, which was really a weak spot; that's why we were used in emergency.

Sure does one good. I can talk to these "old war hores" about all their battles. I sure am glad I had the chance and made good. I claim to be the first Richmond boy to drop a Hun; also went clear into Frits' line one night with a scout party of six. We didn't get back any too quick; sure would like to tell you the queer feeling a boy gets.

We can do the engineer's work now until another emergency, then back we'll go after the Hun.

Tell the Redmen to mark me as the first Richmond boy to kill a Hun over two and a half months ago.

Love to all,
Your son.

SAGE TEA TURNS GRAY HAIR DARK
It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.
Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.
Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

DRAMA IS FULL OF INTEREST AT RICHMOND

"Life is just what we make it," is an old and true saying. Probably Willard Mack had this thought in mind when he turned out his startling and amazingly emotional photodrama, "Whos Your Neighbor" which will be shown at the Richmond Theatre today and tomorrow, July 17-18 with a notable cast.

"The "Who's Your Neighbor" question in any city covers a multitude of answers. The author produced a story well worth while.

Scene in "Who Is Your Neighbor," which will be seen this evening at the Richmond Theater.

The characters are human people of today. We rub elbows with them in the daily whirl of the busy city. "Who's Your Neighbor?" is a story of facts taken from everyday life, and picturized in a way that it makes it an impressive sermon. It brings home a lesson that must be productive of much enlightenment and moral uplift to every father, mother and daughter. The picture is said to be an answer to the Rev. Paul Smiths picture "The Finger of Justice."

CARD OF THANKS.

I wish to thank the Spanish War Veterans, the Odd Fellows and R. E. Redmond for their acts of kindness during the recent sickness of my brother, C. W. Ryder.

(Signed): F. G. RYDER.

SMALL CROWD GREETS THOMAS LEE WOOLWINE

A candidate for governor cuts but little ice in Richmond. His enthusiastic press agent announces that the great man is going to speak at such a time and place and when the time arrives and the speakers goes to the place to speak he talks to empty benches, or chairs, as the case may be.

Thomas Lee Woolwine came to Richmond last night to talk to the people here regarding his candidacy. He is a good man and would doubtless make a good governor of the state, if elected. But the facts of the matter are that the people here are not interested a great deal in politics and therefore did not turn out in goodly numbers to hear him. They are too much interested in winning the war to care who is the next governor, so long as he is suited for the position.

FIRST CHURCH LADIES AID SOCIETY ARE WORKERS

The Ladies Aid Society members of the First Methodist church are sure workers. They had a debt on the church parsonage which they undertook to pay up. It was $2400 and they have reduced it now to $380, all by work of various kinds. They have been conducting a lunch counter near the Standard Oil refinery and this is bringing them a good return.

CURTIS BIG SHOW

M. B. Curtis will open his big aerodome show at the corner of Eighth and Bissell tomorrow evening. He has an excellent company with him and a rare treat is in store for amusement lovers.

IN SANTA CRUZ

Mrs. G. E. Milnes left yesterday for Santa Cruz to visit relatives for a few days.

"JUST A MINUTE, BARBARA; WHAT'S YOUR HURRY?"

"What's the grand idea of passing up your old friends?" "Well, to be candid with you, Alice, I was hoping you wouldn't see me—I look so shabby I'm ashamed to meet any of the girls." "Nonsense! Come with me and Ill have you fixed up like a fashion plate in no time. Evidently you've never heard of Cheery's shops—a great thing for girls like you and I, who have a streak of bad luck once in a while. You just pick out the best garment in stock, pay a little down, and wear it while you finish paying for it a little each week. They have two such shops here—for women at 515 Thirteenth street and a men's store at 523 Thirteenth street."—Advertisement.

STATE FAIR IS TO HAVE MANY FEATURES

One of the California State Fair's big features this year will be the Better Baby Conference, held in conformity with President Wilson's proclamation to the nation to observe 1918 as Better Baby Year. Fully 3,000 babies, hailing from every section of the state are expected to be in attendance.

Plans for the Conference are being worked out by the State Board of Agriculture with the assistance of Miss Amy Steinhart, Chief Children's Agent of the State Board of Control and Chairman of the Advisory Committee, and the California Congress of Mothers and Parent-Teacher Associations, of which Dr. Jessie A. Russell, of Glendale is President.

Daily conferences will be held, mornings from 10 o'clock until noon and afternoons from two until four. Physicians and nurses from the Children's Department of the State Board of Control and from the Sacramento County Hospital will make free examinations and give consultations, besides delivering daily talks and demonstrations on proper feeding, clothing, bathing and general care.

A special day will be devoted to Japanese mothers and their children with Japanese-speaking doctors and nurses giving the addresses and conducting the demonstrations. Another special day will be given over to Italian mothers and babies.

Details of a baby contest, with Liberty Bonds and War Savings Stamps as prizes, are also being worked out.

RYDER FUNERAL HELD THIS AFTERNOON

This afternoon at 1 o'clock the funeral of C. W. Ryder was held from the chapel of the Smallwood undertaking parlors. The services were conducted by Eclipse lodge of Odd Fellows and the Spanish War Veterans.

The remains were taken to San Francisco, where they were interred in the National cemetery at the Presidio.

WILL TAKE PLEASURE TRIP TO LOS ANGELES

Attorney C. D. Horner and his brother, Dr. Eric Horner will leave tomorrow for Los Angeles by automobile. Mrs. C. D. Horner and the children are in that city visiting friends and she will return home with her husband and brother-in-law the early part of next week.

WOUNDED RED CROSS NURSE LIVES IN MAINE

NEW YORK, July 16.—Miss Jane Jeffery, American Red Cross nurse, among those wounded when German aviators dropped bombs on the hospital at Jony, went to France last winter. Her Home is in Dorchester, Mass.

TALKED TOO MUCH

William Tracy of Antioch was fined $200 for seditious utterances and an addition of ninety days in jail. By the time Tracy serves his jail term he will come to the conclusion, that it is better to keep his mouth shut.

"WORTH WEIGHT IN GOLD," HE SAYS

HOWARD GAINS 14 POUNDS BY TAKING TANLAC—LAYS WALKING CANE ASIDE

"Well, I have actually gained fourteen pounds in the past six weeks by taking Tanlac and now I'm going back home a well man and go to work just like I used to before I got sick." This interesting and remarkable statement was made by Henry S. Howard, a well-known farmer and stockraiser of King Hill, Idaho, while purchasing more of the medicine in Salt Lake recently.

"I have suffered from rheumatism and indestion for twelve years" continued Mr. Howard. "I had gotten to where I could hardly eat a thing, because every thing went against me and besides I had no appetite. Every joint in me was swollen with rheumatism and hurt so I could hardly bear to be touched. I was in such a bad fix I couldn't work, so I decided to come down here and go to a hospital for treatment.

"When I got here six weeks ago, I was so crippled up I had to use a walking stick in order to get along at all. My daughter, who lives here, got to begging me to try Tanlac, but I had tried so many things that did me no good, that I had no faith in Tanlac either. But she insisted, until just to please her, I decided to try it. The first bottle made a great change in my feelings. My rheumatism soon left me, so I threw my stick aside, and now can walk as good as anybody.

"And eat, why I just can't get enough. I believe I feel all of twenty years younger, and its the first time in that long time that I have felt like myself, and I feel like I could do as much work as I ever could. Well, the hospital has had one less to treat, but I have saved a good many dollars and have gotten rid of my troubles, besides, and when I get home the folks who knew what a bad fix I was in are going to be surprised to see such a difference. Tanlac is worth its weight in gold, and it has convinced me that there's at least one medicine that will do what they say it will and I want to do my part in letting everybody know about it."

DIVIDEND NOTICE

HUMBOLDT SAVINGS BANK, 783 Market street, near Fourth—For the half year ending June 30, 1918, a dividend has been declared at the rate of four (4) per cent per annum on all savings deposits, payable on and after Monday, July 1, 1918. Dividends not called for are added to and bear the same rate of interest as the principal from July 1, 1918.

Medium Boiling Points give

EASY "PICK UP"

When the traffic policeman signals "Go!" you want a quick, clean start. You want your engine to respond with instant and well-developed power. It is then that Red Crown gasoline, with its full series of medium boiling points, proves its merit.

Red Crown, the Gasoline of Quality, is a straight-distilled, all-refinery fuel, having the full and unbroken chain of boiling points necessary for steady, dependable power: Low boiling points for easy starting, medium boiling points for quick and smooth acceleration, and high boiling points for power and mileage. Be sure it's Red Crown before you fill.

Look for the Red Crown sign.
